REGISTRATION OF TRADE-MARKS

CAN BE MOST EASILY AND CHEAPLY
EFFECTED THROUGH

MIDA'S TRADE-MARK BUREAU

ESTABLISHED 1889

We have the most complete records in the United States, of both registered and unregistered trade-marks, and, with an able staff of legal talent are able to offer the best possible counsel in the adoption of new brands or the protection of your old established trade-marks.

MIDA'S TRADE-MARK BUREAU

302 DEARBORN STREET, CHICAGO, ILLINOIS.

P R E F A C E

The urgent necessity of a compilation of Canned Goods Trade-Marks, and the success our similar publications have met with in other lines, have encouraged us to undertake this work.

It will be a valuable guide to those intending to adopt new brands and constitute a record of trade-marks in use, thereby forestalling the selection of names that would infringe upon those already adopted, obviating controversy and possible expensive litigation.

This compilation will remove the uncertainty heretofore prevailing as to canned goods brands, and will establish an authoritative standard of trade-marks already pre-empted.

It will also serve as a ready and convenient means to find the name and address of the owner or controller of a given trade-mark.

We feel assured that the work will prove an indispensable adjunct to the office equipment of the canned goods trade and kindred lines.
